This valorisen henceforth, action is actually a revival of the ancient theatre Games that took place under the same title at Dion, the sacred city of Macedonians, and lasted for nine days in honour of the nine Pierian Muses. Each day will be dedicated to one of the Pierian Muses (kalliope, Clío, Erato, Euterpe, Melpomene, Polyhymnia, Terpsichore, Thalia, Ourania).

The Festival of Ancient Drama will take place at the actual Municipal Theatre of Ancient Dion in Pieria, a regional unit of Central Macedonia, where Euripides produced and performed five of his plays, the most famous of which is "Bacchae" (Βακχες). According to ancient Greek tradition, Dion is where Euripides was buried, which agrees with the epitaph on his tomb:

*" Χαίρε μελαμπετάλοις, Ευριπίδη, εν γυάλοισι Πιερίας τον αεί νυκτός έχων θάλαμον".*

The theme of this school Festival includes plays of ancient drama, taken not only from the Greek and Roman theatre tradition, but also from other cultures across the world as these produced them throughout time.

The International School Theatre Games "Olympia in Dion", are not of a competitive nature. The stated aims of the festival are to:

- present and promote the educational nature of early theatrical art as universal expression
- present the most valuable and artistically most relevant stage creations in domestic and foreign production for students and promote students' familiarization with them .
- contribute to further recognition of already realized cultural values on the international ground.
- bring nations and different domestic regions closer and to preserve diversities of each culture as the source of our common wealth.
- encourage making friendships.
- provide exchange of experiences and to make creative connections.
- promote theatrical life for children and culture in general.
- to bring out the universality of ancient Greek drama and underline its living presence in today's world

Any schools interested in participating in "Olympia in Dion" can send the application form attached either by email or by post. Schools must send with the application **one DVD until 10' minutes and three (3) photography and one list with names of the students and the teachers**, in order to they are included in the program that will be published at the following address :

Moreover, students will have the wonderful opportunity to visit archaeological places of great historical value, such as Ancient Pydna, the neolithic village of Makrigialos and Leibethra (Ancient Greek: Λείβηθρα) , an ancient city close to Olympus where Orpheus was buried by the Muses. They may, also, visit the orthodox Monastery of Virgin Mary in Petra, the old and new Monastery of Agios Dionysios in Olympus, the Byzantine church of the Koimisis of Mother of God .

Needless to say, students will be able to exchange opinions and experiences with students from all over the world, to get to know the modern greek civilization, the excellent greek food, and they may, if they wish so, be guided in a tour in other well known places of Central Macedonia ( the archaeological village of Vergina and Pella, the Peripatetic School of Aristotle in Ancient Mieza, the Ancient Olinthos and the Cave of Petralona in Chalkidiki, the Byzantine Monuments of Thessaloniki, the Natural History Museum of Axioupolis).

Finally, cultural activities will take place simultaneously, such as presentation and performance of traditional events of Macedonia, teaching of traditional greek dances and a day seminar on Ancient Theatre by experienced and renowned actors.
